## NOT TOO LONG AGO...

Seniors will always remember our Class Trip. The tours, restaurants, and chaperones with all the exciting moments of interests. See more pictures and read about the good times.

### Once Upon a Time; New York, Washington, D.C.

Once upon a time, I longed to travel. Every second, every breath, and every beat of my heart called for the freedom of going to new places and new towns.

Then, on a dark, damp summer night, as I sat in my corner near the fireplace, I began to wish and wish for a chance to see the sight of this land. Suddenly, as in answer to my wishes, a tall slender man appeared by my side. In his hand he held a microphone and immediately sat down at the table across from me. While shuffling papers with his free hand, he looked at me through his dark framed glasses and began to tell me about my long awaited chance.

Before I knew it, I was on a bus with very distinguished people. Honored to be among such people of the world, I sat back and began to notice the "goings on."

At one of the dust covered windows, a distraught mother frantically tapped on the glass pane, trying to get her son's attention. "You come here and give me a good-bye kiss," she said. This heart-warming scene enacted by this mother was just the beginning.

Louis Jacobs was so happy to be in New York he broke the hinges off the door in his room. After this display of "Brute Strength" he was appointed body guard of the President.

Ed Rinker developed a talent for doing his laundry; hung it all in the shower and turned on the hot water. This is a remarkable talent for a "Non Chineseese."

Drew Leach and Paul Kopczynski awoke one morning to find themselves in the middle of a "shaving cream bath." Seems that a few of their friends decided to help them

get ready for their morning shave a little early.

Mary Carlton had a good view of the Washington Monument from her hotel room in D. C. Just ask to see the picture she took of it; at NIGHT, with no flash.

Ellen Wright held the record for SPEED. She managed to be late, or at least the last one on the bus, for about 3/4 of the tours.

Jerry Lodyga found it hard to sleep in the hotel beds. He caught up on his sleep, however, in the Arlington Cemetery on one of the green graves with a genuine Arlington head stone for a pillow.

Bill Reichenadter developed a talent for giving guided tours at the Empire State Building, and also put up some stiff "Vocabulary" competition for Mr. Webster.

Cheryl Templeton and Sandy Tucker demonstrated their "melodic" whistling abilities out their windows in Washington D. C. Moonlight by a

lovely pool will do strange things to some people.

Roxanna Henry and Roseann Molnar were corrupted and bribed into dumping T.P. all over the hallway in front of four very innocent, sweet, girl's room. But they were quick to admit that "Crime Does Not Pay?"

Jim Howard became a connoisseur of fine food. His favorite delicacy was "M&M's" dissolved with butterscotch candies, and alternated with a sour lemon drop.

Dan Halpin and Jerry Lodyga "tied the knot" while in New York. The minister was the Honorable Mark Uidenhoben. Other members of the families and those in attendance were the brides mother; Kenneth Jasinski, flower girl; Drtw Leach, the bride's father; Greg Dabrowiak, grooms father; Lou Jacobs, groom's mother; Bill Reichenadter and the starstruck couple.

Cheryl Runyan developed a talent for pulling clothes out

of a half-blocked suitcase.

Sandy Warren and Linda Rodgers are now "Crack Shots" at throwing grapes at unsuspecting targets.

Joyce Paris and Company earned the title of "Midnight Serenaders." Seems that the only time the music bug hit them was when everyone else wanted to sleep.

Miss Patricia McCollough, better known as MOTHER, and Mr. Jerry Hoffman, better known as GRANDPA, love to tell how they earned those titles.

Everyone came back with souvenirs and lots of things to tell about. Pat Hendricks came back with something unique, a rash—better known as measles.

Lou Jacobs builds his muscles by throwing Danny Halpin out of hotel windows.

Ken Jasinski read "bedtime" stories to interested friends on the bus coming home.

## Graduation Means Good-Bye

"For we shall never pass this way again . . ." These words are expressing the class of 1966 graduation day. They are inscribed on the base of the Statue of Liberty and will have no true meaning to us until June 8.

Everyone will bid farewell to the faculty, cafeteria workers, laundry workers, janitors, underclassmen, but most of all saying farewell to their fellow classmates. Just 10 days from tomorrow we will take one more step into the future. Will we be ready to face it? Where will we meet again? Will it be on a street, in a department store or at an unusual place? Will we be able to recognize one another after 5 years or better? The future is now the present and the present is June .

I will the co-ordination needed to get off the bus without falling down. Finally, to all upcoming seniors, I will a year of excitement and a junior class to complain about them, the way they complained about us. (Thank goodness, whew, — whew — (typist.)

I, PAT HENDRICK, being of soggy mind and tired legs do hereby will Judy Trzaskowski, Janet Skorupski, Diane Wisniewski and Susie Borowski the voice so quickly lost to cheer the swim team on to victory, their driver's licenses so they can follow the swim team on away meets, and the best of luck not running into snow storms. ## Two 'Exchange' Panthers to Leave

This year Washington was blessed with two foreign exchange students. Anick Longuet stayed with Mr. and Mrs. Clinton Harden, and Edvardo Peixo de Moura stayed with Mr. and Mrs. Carlton Pence. Shortly they will be leaving Washington High School, their American friends, and their adopted American families. Both have mixed feelings about leaving, for they have found America to be a home away from home.

The exchange was beneficial to all concerned; they learned from us and we learned from them. Edvardo feels he benefited most from his opportunity to make friends and live with the American people. Anick feels she learned much about the American people and about herself.

Both of our exchange students learned to speak "good" English fluently. Edvardo improved his swimming as an active member of the swim team and got his letter sweater. Because he has always had so many things in which

to occupy his time, he hasn't even had a chance to get homesick!

Anick liked dating and going to parties while in America. Edvardo commented that he likes our American dating system better than the Brazilian one.

However, as the year comes to a close, departure nears. To the student body and his American friends, Edvardo has this to say: "It's hardly possible to thank everyone for everything or to be able to pay them back for all the favors I got."

Anick has this to say: "I come back! One year has been too short. I leave my address in case anybody would like to write. Anick Longuet — 6 Rue Henri Martin — Epernay 51, France." Terri Grodzicki

To all my fellow "511-B" companions I will my title of "Cardinal"; but the red feathers I'll keep.

## TOOTHsome TWOSOME

"What can I do about this terrible toothache?" the suffering Ernie asked Vern at the Post.

"Well," said Vern, "when I get a toothache I go to my wife; she puts her arms around me and carresses and comforts me and the toothache goes away."

"Wonderful," exclaimed Ernie, "Is she home now?"

"A bell isn't a bell till you ring it. A song's not a song till you sing it. Love happens everyday, but Love isn't love till you give it away."

Now, as they leave the sport spotlight the "underclassmen" will have their chance to "shine" on the gridiron, on the basketball floor, on the diamond, in the tank and on the cinder paths. This is our final "farewell" to the senior athletes and congratulations on a job "well done."
