

## MISS ASK-IT

**The Question:**  
What Was Your Greatest Thrill  
in Football This Season?

**Leonard Pietrzak:** Seeing Julie in the stands! (Also, beating, Riley.)

**Don Wachowiak:** Beating Riley!

**Jeff Rush:** Beating Elkhart, fall practice, and playing in a lot of games.

**Alex Pyclik:** Having the other half playing (Vargo).

**Marvin Matuszak:** Playing with the other fellows.

**Ben Wachowiak:** Beating Elkhart!

**Bill DePaepe:** Playing on this year's squad.

**John Rybak:** Just playing!

**Don Vargo:** Playing with other half (Pyclik)!

**Joe Szuczits:** Tackling Wayman Redding on a point return.

**Jerry Klaybor:** Intercepting a pass and running it back 23 yards in the Riley game.

**Ernie Bucholtz:** To get into the game.

**Vincent Nagy:** Scoring in the Riley game.

## Paging All Juniors!

## New Leaders At Last!

After two months of delay, the juniors, on November 4 finally selected class officers. Stanley Jackowiak, 116, was elected president. Other officers elected were Don Beitler of 125, vice-president; Barbara Hamilton of 125, secretary, Rita Klosinski of 102, historian; and Bernie Waggoner of 125, treasurer.

With the junior prom and the junior play on its way, the juniors have started digging in to make the class a success this year as well as next. They have started by setting up a thirty-cent class dues to provide funds for activities.

## PREPARATIONS MADE FOR XMAS PROGRAM

The Washington band and glee club are starting preparations for a combined choral and instrumental program at Christmas. The chorus will include senior and junior high school and elementary students. There will be a processional and a general choral program. The music department is hoping to give this Christmas program a night for parents.

## THANKS GIVING

*The last Thursday in November is fast approaching. Mostly everyone in our country is dreaming of baked turkey and cranberry sauce. This is the atmosphere that usually goes with Thanksgiving. Do many people really consider Thanksgiving as a time when EVERYONE can eat plenty? Let us hope the answer is in the negative.*

*Let us turn now and find the meaning of thanks giving. First, we find the word THANKS, which means a feeling of gratitude for mercy given; second, GIVING, which is man's way of showing approval or appreciation. To sum it up, we have Thanks Giving: showing appreciation or gratitude for mercies.*

*How many blessings do we have to be thankful for? Our blessings are innumerable. Just to start you to thinking, we can compare our homes, schools, and community in general to the environment of children in Germany, Poland, etc. We have steam-heated schools, a warm and comfortable home, and decent places for recreation. The children of foreign countries are crying for these small but essential tools of life that we take for granted. Just think: the picture might have been reversed. But it wasn't. Let us show our gratitude to the Supreme Being by being thankful, kind, and thoughtful everyday — not only on Thanks Giving Day.*

## INDIANA UNIVERSITY AWARDS SCHOLARSHIPS

Scholarships carrying either full or partial remission of fees have been awarded for this semester by the Indiana University Center to five local high school graduates, all of whom are residents of South Bend. Among them are John Lawecki, 2615 West Fisher, and Patricia Wozniak, 816 West Dunham, who are graduates of Washington High School.

Scholarships may be renewed for the second semester provided superior scholastic achievement is maintained during the present semester. Graduating high school seniors entering college for the first time are given preference in the granting of such scholarships and high school seniors with superior academic records who plan to enroll at the Center for the first time next February are invited to make application now for scholarships valid during the spring semester.

## YELL CLUB PLANS TO CARRY ON

The Yell Club of Washington High will continue its good work and operate throughout the basketball season. The club plans to show what a good cheering section behind a team can really do.

After its next meeting, the Panda Club will announce how you can become a member of the Yell Club and what the rules and regulations of the club will be. The present membership is around sixty. The Panda Club plans to open membership to anyone who is interested.

## College Week Plans Announced

During the weeks from November 22 to December 3 there will be a display of college materials in the library at the east bulletin board. Catalogues, scholarships, typical college pictures, books and other materials of interest to students who would like to attend college will be on exhibit.

On December 2 representatives from Purdue will be here to talk to those students who are planning to attend Purdue and on December 9 the representatives from Indiana University will be here. Conferences will be scheduled for those students interested. The exact time will be announced later.

## JAMES TO MANAGE YEARBOOK ADVERTISING

Willis James of Home Room 117 was elected chairman of the "1949 Memory Lane" advertising committee at a meeting in 114 on November 8.

Other members of the committee are: Rita Nowak, Dorothy Rogowski, Pat Van Rassen, Danny Piekarski, Stanley Leszczynski, Elores Phyllips, Nancy Ray, Lillian Szabo, and Dorothy Ciesielski.

## Tough Season Ahead—

## Panthers In Cage Opener

On Friday night the Panthers will open the curtain on another basketball season by playing the New Carlisle Tigers in the John Adams gym. The following Tuesday we face the veteran line-up of the John Adams Eagles. After John Adams, we oppose another veteran team on Thursday. This time it is Madison Township's Panthers. All three of these games are to be played in the Adams gym.

As for the strength of our opponents, it looks like all of them are going to be tough. Above all, the county teams should not be sold short. Madison has an all-veteran line-up, but they lack height. New Carlisle has but one man left from last year's first five, Jim Agness, who forms the nucleus of this year's team, but they have played several games already. As for our second opponent, Adams, it looks like they are going to be plenty strong this year. They have three of last year's regulars, including Joe Howell, Don Truex, and Dick Truex.

Our team is not going to be a push-over for anybody, either. This year's team cannot help being better than last year's team. The team is going to be big but for the most part inexperienced. From last year's team we have Bill DePaepe and Dick Strozewski, who each should have a good year. Much of the responsibility for scoring the points and taking the ball off the backboard will rest on the shoulders of DePaepe. As practice got underway, the only ones who were sure to be on the first team were Bill and Stro.

Coach Holley is still a little in doubt about whom he will start against New Carlisle. At guards it probably will be Ernie Bucholtz, Kenny McGowan, or Willie Gilkey. Gilkey is a sophomore who is around the six foot mark and is fast, very shifty, and a good shot. Ernie Bucholtz has always been a good shot but is weak on defense. Probably no one on the team is as full of fight as McGowan. As for our center, it looks like no one can beat out Strozewski and the forwards look like DePaepe and Reynolds Mejer. The next choice for a forward spot will probably be Pete Smith.

Vince Nagy and Jerry Klaybor are the question marks of the team and they can go either way. Wil-

## Spying on the Driving Class

Have you wondered why Mr. Redling looks so shaken up, white, and drawn after his morning driving classes are over? Or have you counted how many anacins he takes? You'll understand why when I tell you what he goes through.

For instance, someone (this is a secret) by the name of Lorraine Sielski backs up onto the railroad tracks with a train speeding down towards them and the car stops! Oh, well, that's a woman driver! Oh, yes? Well, this is a man driver, namely Emery Mejer, who races through a STOP sign, explaining he didn't see it, with probably a car coming in each direction. (I think he needs glasses!)

Mr. Wegner, did you know Ben Bejma is the one who put those dents in the sled? He got tired of pushing it around, so he decided to smash it; while he was at it, he almost smashed the jeep.

Gertie Frydrych thinks she has found a way to reduce: by simply jerking the jeep around. Claims you can lose ten pounds in ten minutes. Anyone interested? Don Beitler seems to be interested in gaining weight by taking a six-course snack along with him. Can't you picture him driving merrily along with a mouthful of food and trying to tell Mr. Redling he can't find the brakes?

Please don't let this little interview with our driving class of '48 discourage your taking the course. Who knows, maybe YOU will end up—driving a race car!

## Open House a Success

Washington's first open house on Thursday, November 11, was enjoyed by approximately three hundred parents. The program started at 7:10 in the auditorium with the singing of the national anthem and greetings from our principal, Mr. Schoepel. From 7:30 until 8:00 a program entitled "Junior Town Meeting of the Air" was broadcast over WHOT from Washington's auditorium. Bob Bell was announcer and Pete Smith (Washington), Donald Steele (Central), Pat Haley (John Adams), and Pat Sailor (Riley) were the speakers. Their topic was "It Pays to Be Educated". They did a fine job in expressing their own ideas of the education of tomorrow. Each speech was entirely original and written without assistance.

Following the radio program, the Washington High School Glee Club and the Band, led by Miss Chapman and Mr. Myers, did a splendid job entertaining the guests. Mr. Schoepel spoke to conclude the meeting.

After leaving the auditorium, parents were directed by signs and the Girls Ushers Club to classrooms art displays, and shop displays. Punch, coffee, and cookies were enjoyed in the library.

The entire program was directed by Miss Gertrude Fortin. Everyone sincerely hopes it will be continued annually.

### WASHINGTON COLLECTS FOR RED CROSS

During the week of November 7-12, Washington had its annual "American Junior Red Cross Campaign." The total amount collected was \$40.27, which averages about -0.07 per person. This sum was

### EIGHTH GRADE NEWS

Matthew Griffin 8B was hurt in the last football game against Oliver. The game was played at Harrison School.

Washington's Junior High Football Team defeated South Bend Central Catholic by a score of 7-0 at School Field. Robert Overmyer made the touchdown. Ronald Bobinski ran over for the extra point.

Miss Chapman's "specialties" of the 8th grade are:

Nature Boy - Walter Jaekmovich.  
Playboy - John Zrobek.

Speaking of cheerleaders, Mr. Pilarski says, that Nancy Szocinski has a terrible case of "Gallop-ing Epizudi." It might develop into a case of "Houkus of the Bonkus". Nancy Landuit is afraid she might get it.

The big "4" in Mr. Pilarski's class are:

1. Louise Tomkins
2. Josephine Chrapliwy
3. Buddy Moore
4. Margaret Hadary.

Ask them questions and you get no answer. Try it sometime.

### SEVENTH GRADE NEWS

The seventh grade had a party with the eighth grade October 29 in the library. A program was given by the following people:

The announcer, Maxine Gorka; Carl Wentland, accordion; Joan Poznanski, solo accompanied by Maxine Wolff on the piano; Robert Pieniuszkiewicz, the guitar; A piano solo, Maxine Wolff.

Then some games were played. Refreshments were served in room 124 and the tables were decorated with flowers and Halloween place cards. Everyone had a good time including the teachers.

JOAN SCOTT, Secretary

collected from the entire school, grades 1-12.

RUY CHRISTMAS SEALS

## THE EDITOR LOOKS AT THE NEWS

It seems that the boys think they are more entitled to the gym than the girls are—at least, a male sports writer says they get ONLY (Get it? ONLY) three days a week to play basketball.

Dick Strozewski's making All-State and Don Wachowiak's receiving honorable mention is a VERY good way for the team of '48 to wind up the season.

The juniors have picked officers that will really work for the class. Congratulations to the new leaders.

Those who are going to take driving next semester had better pray that the jeep holds out that long! Some of these drivers! WOW!

The students averaged about 7 cents each in their gift for the year to the Junior Red Cross. That's not so good, considering the number of gum wrappers and potato chip bags that are strewn around the halls each day.

The seventh and eighth graders really get in their news. Now, if their "elders" in the building were as faithful—!

Is that gossip stuff really worth printing? Does anyone really care who looks at whom—outside, of course, of the two parties? Seems to us it's like warmed-over hash—no flavor. (And WE have to read it all, too, whether you do or not!)

Wonder how many life insurance policies Mr. Redling has? If the insurance companies find out about his driving class, they probably wouldn't sell him any protection!

## PANTHERS IN CAGE OPENER

Continued from page 1

lie Robertson and Benny Wilkins, two other sophomores who will make the first ten, have showed definite possibilities, but they will probably play the first few B team games in order to get valuable game experience. Another sophomore to watch this year will be Danny Kruszewski, who has been showing some fine things in practise. Bob Ogorek was about the best boy practicing in early season, but he got sick and was out of school for three weeks. This will probably keep him off the varsity until he can get back into his early season form.

Getting the students to support the basketball team has always been a problem at Washington. It is hoped that this year the students will get behind the team and cheer them on to victory. One thing that a team cannot do without is someone to cheer them on. The team has a right to expect everyone to get out to the Adams gym Friday night, and yell their heads off.

## ENGINEERS GOING TO GARY STEEL MILLS

The Engineers Club, under the direction of Mr. R. C. Stilson, is planning a trip to the Gary Steel Mills. They plan to visit for two days. Other students who may be interested, such as members of the chemistry and physics classes, are welcome to join the club in its trip. Such people should talk to Mr. Stilson.

The club is also ordering lead pencils and plates for automobiles. They will sell at \$1.00 and 35c respectively. The pencils and plates will be sold in the building and will have the school name on them. Sale will begin very shortly.

Margaret Young — What's the trouble between you and Marvin B?? Is it because of the freshman at Oliver???

John Petrou has been making eyes at Christine F. John — make up your mind . . .

Who is that boy Adeline C. has been see with a few times? "Chuck" from Washington Clay? . . . Bob Ogorek and Dorothy Gorczyca seem to be getting along super. Wonder what will develop? . . . Joan Brzezniak was looking forward to that last wienier roast with sparkling eyes. Why?

Why were Darcey, Tina, and Lorraine walking around so gloomy lately? Could it be because of the wonderful (!) cookies Darcey made? . . . Say, Anna S., we hear you are now on the steady list. . . . Another couple to watch is Richard W. and Pearl S.

So now it is a battle between Henry M. and Joe B.! Guess who they are battling about! . . . Jeff, what's this about your being able to write nice notes to a certain sophomore? Glennis Brazier?

WANTED: A tall boys with muscles to carry a sophomore's baritone home weekly. Mr. Myers told her she should get one . . . There are a few girls interested in the quiet case of Donald R. Are we right, R.F.? . . . Well, we finally got something (or rather someone) on Willie G.! That someone is Juanita Harris . . . Pat C., why does David Wells always ask you to dance with him during barn-dancing?

Ben "Sealtest" Bejma has had a hard time keeping his mind on football, lately. A girl! . . . Who are these two cadets that Juliann L. and Elaine S. seem to be so interested in? . . . The question of the year—or may we say of the last few years—is: "Does Dick Strozewski know how to dance or doesn't he?" So MANY of the girls would like to know! How about it, Dick?

Rose Nickles must be some girl to keep Jim H. out 'till the early hours of the morning!! This "going steady" must be great fun!

Girls will learn not to play football. It seems Pat Grunert sprained her wrist playing right end. We wonder if the cause of it was really football???????

John Rybicki had better look in

to this conversation that goes on every morning between Dave Kasznia and Gerry Grant. I wonder what they could be talking about. The weather must be an interesting subject. Hm-m-m!

Eugene Csabi must have had an enjoyable time playing badminton. (Or did the girl playing with him have something to do with it?)

Doris Bonczynski seems to be very interested in the name Bob Eberly. I wonder why?????

Who is the girl Ray Z. is trying to win? Do you know anything about this, Betty, or are you too busy thinking about Joe?????

Since Rosemarie Grayczyk came to this school, it looks as if she brought a little bit of Woodrow Wilson with her. Did anyone see the handsome men from Wilson at the last tuesday night dance?????

Wow, that fourth hour gym class sure has the tom-boys. Maybe that's why Badur, Patterson, Kopczynski, Ciesielski, Kilmer, and Nowicki are always getting kicked in that powerful game of soccer.

What goes on in the Foods Class, 3rd hour, at those round table sessions? Come on, Lil, Dot, Barbara, and Lucille, spill it. It couldn't be men—or could it?

Ernie Bucholtz, who is this girl that you are so serious about—could it be Lorraine???

Why does Mr. Myer's voice sound so weak after first hour? Could it be those underclassmen or Could It Be The Seniors???

Steve Lebedzinski, you should be a lawyer so that you could win your arguments with Mr. Covert.

Becky Patterson, what is happening to you—are you falling for Bernie W.? Keep your eyes open, kids; something might turn out of this.

Dorothy Ciesielski, who is your secret heart-throb? Or are there two?

The story about the guy running out of gas while taking his girl riding is an old one, we all agree. BUT get this! It seems that one morning Mr. Robinson felt nice and kind so he offered a girl a lift to school—well, you'e probably guessed it. He ran out of gas! My, Mr. R., you better keep that gas tank filled from now on!

If you need help in Civics, just ask Pergy. He jumped from an 'F' to an 'A'! How did you do it, Pergy?

Elsie Deguch has been going steady with "Moonie"—Henry Kowalski for 1½ years. Sure is true love.

## Rehearsals! Revelations From the Play

We've all heard of "the little man who wasn't there"—now we have something new—"the little maid who wasn't there"—that's Gertie Levan, when she sleeps through her cues.

## THE SPRING

A little mountain spring I found  
That fell into a wondrous pool.  
I made my hands into a cup

Three-Two-One Count

Bees Wind-up  
Grid Season

This year the Washington "B" football team has played six games, winning three, losing two, and tying one. The team beat LaPorte 21-0; Mishawaka 27-0; and Adams 39-0; lost to Riley 0-26, and to Mishawaka in a second meeting 6-7, and tied Elkhart 6-6.

The "B" coach, Joe Redling, has done a great job in developing the future Panther team. Jerry Moultry and Nathaniel Roberts, half-backs, did some nice running this season; Earl Miller did a good job quarterbacking, while in the line Jim Zmudzinski look fairly good.

BADMINTON TOURNNEY  
COMES TO AN END

Mr. Holley's and Miss Wolf's mixed doubles badminton tourney was won by Reynold Mejer and Bernice Austin. They defeated John Pavich and Becky Patterson in the finals. Mejer and Austin won their way into the final round by beating Smith and Ciesielski, while Patterson and Pavich defeated Scott and Gostola to reach the finals. Thirty-two teams were entered in the tourney and everyone that played had a good time. Next time it is expected that there will be sixty-four teams.

The noon league basketball teams have been organized and games have already had some thrilling moments. They have not been too rough as yet. It is hoped that the players keep them clean this year. The girls are taking over the gym on Tuesdays and there is dancing on Friday. This leaves the boys only three days a week in the gym.

DICK STROZEWSKI  
MAKES ALL-STATE

Hats off to Dick Strozewski, who has made the All-State team at his right tackle position. Dick, who is a senior, also stands high scholastically. Last year he was a regular end and made good there, but this year he was switched to tackle by Coach Sammy Wegner and did an excellent job in the new spot. Besides playing a bang-up game, Dick has also kicked our extra points having a 0.714 percentage. He has been on the squad for three years.

Don Wachowiak, Washington's regular center, gained honorable mention for the same team. Don began the season at right half, but was switched to center later in the season.

"Where's your sister, Tommy?"  
"Oh, she's in the house playing a duet; I finished first."
